NEW Makers Marketplace

Featuring handcrafted products produced by local Central Valley vendors

NEW at the Merced County Fair in the San Joaquin Hall is the Makers Marketplace, which will exclusively feature local vendors from all over the Central Valley! This storefront-like marketplace provides a venue for local vendors to showcase their handcrafted products (everything from food, jewelry, art and more!) to more than 70,000 Fairgoers during the 2024 Merced County Fair, presented by Valley Children's Healthcare.

"We're thrilled to bring this new element to the Merced County Fair to showcase these amazing local vendors and provide them an opportunity to sell their products and gain exposure," said Teresa Burrola, CEO, Merced County Fair. "The Makers Marketplace is an incredible opportunity for our vendors as it doesn't require these local vendors to be at the fair for five days, which is difficult for small businesses. I'm excited for our vendors and our community to walk through the doors of the Makers Marketplace in June!"

Here are some of the vendors you can find in the Makers Marketplace. For a complete list and photos, please visit www.mercedcountyfair.com/makers-marketplace-list.

[A Spice Above – California First](#) | Shop from a variety of all-natural gourmet dips, which are low in carbs and contain no MSG, no preservatives and are gluten-free!
